

Hi Jon,

As I mentioned, I will be providing to you a set of project requirements, a network topology plan, a database schema, my site architecture, and a UI design in the form of a sitemap and page wireframes. Your feedback on the technical merits of the design, as well as its completeness in terms of the actual level of documentation required for a project of this nature, are greatly appreciated!

In addition, there will be a 10-30 minute presentation for you, describing the project and its deliverables at a higher level. This presentation will take place at some point during the week of June 20th through the 26th.

Thanks again for agreeing to help me out with this.

-Patrick

A handwritten signature in black ink, appearing to read 'Jon Gallant', with a stylized, overlapping loop structure.
